OFFICE OF LEGISLATIVE COUNSEL

Thursday - 31 July 1969

25X1A 1. (Confidential - LLM) In satisfaction of a requirement imposed by Representative Durward Hall (R., Mo.), spoke with Mr. Jim Robinett, Legislative Assistant to Representative Hall, advising that we were sending a letter to the effect that [] has and is rendering valuable services to the Federal Government. Robinett said that the official objectors on the Republican side would follow Congressman Hall's lead if he now withdrew his objections to the bill. I will advise Mr. Jim Cline, Counsel, Subcommittee on Immigration and Nationality, of this action in hopes that the bill can clear the next Private Calendar scheduled for 5 August.

25X1A 2. (Confidential - LLM) In followup to [], DIA, 25X1A call of yesterday, Mr. [] in General Brown's office at DIA, explained that the idea of sending Representative Clarence Long (D., Md.) a copy of a DDI Intelligence Memorandum concerning Indo-Pakistani relations was related to Long's question to Secretary Laird on the provisions for weapons for India or Pakistan in the current military assistance program. (Long in the past has sponsored restricting amendments on sophisticated weapons for underdeveloped countries.) DIA was thinking of sending the DDI report as an unsolicited enclosure of Secretary Laird's written response to Long's question in an effort to educate Long. I told [] that we would like to be as cooperative as possible, but that this could cause us problems and that it was much better from our viewpoint if such matters were handled orally and in person with a Member. [] appreciated our position and agreed that such matters are best handled in the fashion I had outlined and explained that since Long had not requested any briefing on the Indo-Pakistani relations they certainly were not in a position to do so.

25X1A 3. (Internal Use Only - LLM) Spoke with Angela Jakobowski, in the office of Representative John V. Tunney (D., Calif.), concerning their 30 July 1969 referral of [] for possible employment and asked if they really wanted us to consider the case in light of the statement in [] 25X1A letter that he would like to try any kind of work ". . . with an exception of (sic) intelligence work." Miss Jakobowski said that the case had been referred to us at the suggestion of AID and State, but that obviously it was her oversight and she will seek to get a clarification from [] as to whether he would object to consideration for intelligence work. She asked that we hold the referral until we hear from her. 25X1A
